SECTION 16 - OTHER INFORMATION

This material is a Finished Floor Covering product. Hallmark Luxury Vinyl provides a Product Safety Data Sheet for all finished floor covering products.

Product Safety Data Sheet's (PSDS) are provided for finished floor covering products based on the "article exemption" found in 29 CFR 1910.1200 (b) (6)(v). An article is defined as:

a manufactured item other than a fluid or particle: (i) which is formed to a specific shape or design during manufacture; (ii) which has an end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which under normal conditions of use does not release more than very small quantities, e.g. minute or trace amounts of a hazardous chemical and does not pose a physical hazard or health risk to employees.

There is a wide variety of recommended work practices, installation techniques and safe handling guidelines in Hallmark Luxury Vinyl Professional Installation Guide. Guides are also available through your distributor or by calling 1-888-551-0888.

Because most floor installation required adhesives, it is recommended that the user review the manufacturers recommendations for adhesive spread rate, open time, proper ventilation, safe installation practices etc. during installation.
